Disponibile in Russia Acquista da: Kat Karpenko 's review Dec 22, Despite it's coarseness, it's designed to not chew up your edge.

By submitting this form you agree to the storage and processing of your personal data. You can get your whetstone in the dimensions and grain size you require as well as in your individual packaging.

Waterstones Which waterstone should I choose?

The mines were driven horizontally into the hill for up to metres and today they are no longer available for purchase. When your edge gets too smooth from using fine stones, you can reset an underlying scratch pattern with this stone, and then follow up with your Arctic Fox or other smooth stone, to get a more aggressive slicing effect.
