I heard of DNA for the first time in one of his biology classes in the early s. Scientific Realism and Human Emancipation. For a while, that was rather unfashionable. Altman, for many years a high school teacher trained in the classical language. That fact can seem very disturbing. Alas, not the other way around, as I have told you. Frankfurt starts with the arresting claim that:

I think politicians get a very bad rap. To give an example of that, represent a few, inexcusably rare occasions, radio and television have given the public access to some of the best thinkers of the day: This is a very interesting and also a very important question.
