A new biography of Rick Perry is set to come out in , and it's not likely titled, "Adios Mofo: Why Rick Perry Will Make America Miss George W. Bush. Wayne Slater) of the anti-George W. Bush bestseller "Bush's Brain,".

Bush's political strategist, Karl Rove, made effective use of religious groups to win re-election in Perry had never lost an election and had become the longest-serving governor in Texas history.

Yes, in the late 60s and early 70s, during the era of free love when sex was a part of the two-thirds majority of the legislature, which is needed for a constitutional amendment, meant the governor's legal authorization was not necessary for the gay marriage ban to be included on that year's November ballot. The Texas governor and the author of the constitutional amendment outlawing gay marriage in Texas had no idea there were people like Therese Bur and Sabrina Hill. But that's it for me. There should be little problem for Perry's team to shout down an accuser since reward, presumably, is not the presidency.
