Have plenty of 16lb and 12lb fluorocarbon tippet as this is what you should be using for these big fish. They will be finishing up the details downstairs shortly! Stock up on crystal buggers, golden retrievers, kreelex, slump busters, and a variety of attractor nymph patterns in size for these VA managed streams.

Fishing 6x18 inches off the back of a caddis with a size wet fly has also been worked. For winter musky fishing the best advice is to prospect the long deep holes and concentrate on the mid river structure as much as you do on the deadfalls and structure along the banks. The big winter temperature dip can turn on the biggest fish in the river as they begin to maximize caloric intake.
