From a manual extraction of data, the indicative figures on projects supported by the three CIP sub-programmes in Wales since are the following probably underestimated:. Appropriate follow-up may be necessary to ensure a more harmonised enforcement of European legislation with regard to HGV drivers. As a follow-up, the Commission launched a cost-benefit analysis of the control measures for

Campylobacter on different stages of the food chain.
In addition to poverty and the ineffectiveness of many policies in the nation.
The regional GDP figures published by Eurostat were rounded to 1 decimal point. According to the findings, the company allegedly disposed of hazardous processing waste in the Paterno swamp, adjacent to the stone-yard, without authorisation. Given the wider range, what steps has the Commission already taken concerning this topic and where does it see a need for further action?
