If the focus of this book is postcolonialism and pedagogy, how do we meaningfully separate postcolonialism from the many other developments, such as postmodernism, cultural studies, critical race and critical The Postcolonial and the Global studies, and globalization, that have transformed both the discipline of English and our teaching in the past several decades? What are we going to do with those older categories—nation, culture, and English—which function as the absent structure that shapes and yet haunts global culture and the idea of literature itself? References Doing global urban studies.
