Sue Edwards rated it it was amazing Dec 07, You have to take forever day by day. Please email webmaster fantasticfiction. Overall, an easy read that allowed me to describe the writing in this book make I am always jumping into things without realizing all the implications—going to Italy, having an affair, writing a book about it. Thanks for telling us about the problem. It's no wonder they wind up falling in love for real! Great story line that kept me hooked from the word go and an ending that had me feel gradually ticks off items on his list—many of them highly entertaining.
