ExceptforthecontroversyaboutteachingEvolution,historyistheonlysub One way to begin is to ask what we any of us want when we are confronted with the unfair and unjust use of power, individually, in families, in our groups or in our collectives. This book bases its arguments around what is printed in and omitted from twelve popular textbooks on US history. One of the reasons why history texts have to be so bland and inoffensive is because they have to be. Andthetroublewiththatistwothings.Exploring the second might help students realize that non-European people long ago, without telescopes and modern science, nevertheless thought accurately about the world. Upon learning that our own judgments are not fair, and that seeing things in our own favor is part of being human?
